

CREATING IBM CLOUD SERVICE

Date	1 NOVEMBER 2022
Team ID	PNT2022TMID48300
Project Name	GAS LEAKAGE MONITORING AND ALERTING SYSTEM

The screenshot displays the IBM Cloud dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links to Catalog, Manage, and the user's account (Vigneshwaran R's Acco...). Below this, the main dashboard area is titled 'Dashboard' and includes links to 'Edit dashboard' and 'Upgrade account'. A prominent blue button labeled 'Create resource' is visible. The dashboard features a 'For you' section with several service cards: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Explore IBM Cloud Shell' (Try a command-driven approach for creating, developing, and deploying a web project), 'Visit the IBM Cloud catalog' (Explore our unique product catalog that contains 190+ services and software for your business solutions), 'Set up your IBM Cloud account' (Learn how to set up your IBM Cloud account, manage your account settings, organize resources, and control access to those resources), and 'Get Started with Watson Studio' (Get started with using AI and Cloud Object Storage in 15 minutes). Each card includes a 'Getting started' button and a duration (2 min, 1 min, 10 min, or Popular). The bottom of the image shows a Windows taskbar with various application icons and system information like temperature (28°C) and time (4:07 PM, 11/9/2022).

An IBM Cloud Service created Successfully .
